The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for Part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for Part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for Part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art, (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for Part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for Part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

### A PROCLAMATION

WHEREAS it is provided by the Act of Congress of March 4, 1909, entitled "An Act to amend and consolidate the Acts respecting copyright," that the benefits of said Act, excepting certain of the benefits under section 1(e) thereof, as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of said Act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this Act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto:

And whereas it is also provided by said section that "The existence of the reciprocal conditions aforesaid shall be determined by the President of the United States, by proclamation made from time to time, as the purposes of this Act may require";

And whereas the King of Sweden has declared, under authority of law, that from and after June 1, 1911, citizens of the United States shall be entitled to all the benefits conferred by the copyright law of Sweden:

Now, therefore, I, WILLIAM HOWARD TAFT, President of the United States of America, do declare and proclaim that one of the alternative conditions specified in section 8, of the Act of March 4, 1909, will be fulfilled in respect to the subjects of Sweden on June 1, 1911, and that the subjects of Sweden from and after that date will be entitled to all of the benefits of the said Act except under section 1 (e) thereof controlling the mechanical reproduction of a copyrighted musical work.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for Part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

NEW SERIES, VOLUME 6, No. 7

---

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for Part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the Act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. Shakespeare's tales; illustrated by  
M. L. Kirk:

Day was breaking when they parted.—Each Dromio complimented his brother on his good looks.—Great adventure.—He affected to treat her with unkindness.—He beguiled her of many a tear when he spoke of what his youth had suffered.—I will give you fairies to attend upon you.—Now they were in the forest of Arden, but almost dying with fatigue.—Old man, a soothsayer, bade him to beware the ides of March.—On the bats back I do fly.—She would have softened any heart but the unfeeling Shylock's.—They were engaged in preparing their dreadful charms.—This poor deserted baby was found by a shepherd.—Throw linen on him and send him by two men to Datchet mead. © Sept. 8, 1911; 2 c. each Sept. 11, 1911; K 28872-28884.

1911

NEW SERIES, VOLUME 6, No. 9

The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for Part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

---

The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles, as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. Breathless moment.—Cupid has a  
golden gong.—For you St. Valentine  
went hunting.—I choose your heart  
from all the rest.—I like to sound the  
praises of my love.—I s'pose it's up

frisking.—If after a glance, you'll take  
a chance.—I'm coming to you.—I'm  
tired of sitting 'round all day.—Little  
missives flutter on their way.—Now's  
your chance.—Only trust I'd like to  
join.—Put on your little wishing cap.—  
Reciprocity.—Sing a song of valen-  
tines.—Sweetest face in all the land.—

for you is evergreen.—To my valen-

The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

**T**HE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "c" implies copyright registration of a published work, followed by date of publication. "c 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index of proprietors is furnished for this part in the final issue for the year. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 4, issued monthly, is arranged in two alphabets of proprietors, with subalphabets of titles as follows:

I. Containing Class G, Works of art (giving a list of the photographs or other identifying reproductions deposited according to law with the applications for copyright of Drawings, Paintings, Statues, Statuary, and Models or Designs for works of art).

II. Containing titles for Class H, Reproductions of a work of art; Class I, Drawings or plastic works of a scientific or technical character; Class J, Photographs; and Class K, Prints and pictorial illustrations.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "G," Class G, Works of art; "H," Class H, Reproductions of a work of art; "I," Class I, Drawings or plastic works of a scientific or technical character; "J," Class J, Photographs; and "K," Class K, Prints and pictorial illustrations. "©" implies copyright registration of a published work, followed by date of publication. "© 1 c." stands for copyright registration of an unpublished work, followed by date of receipt in the Copyright Office of the photograph or other identifying reproduction; and "2 c." for 2 copies, followed by the date of their receipt. In the case of pictorial contributions to periodicals, only 1 copy of the pictorial contribution is required.

The annual index accompanies this issue. It contains references from the names of the copyright proprietors, from the names of distinguished artists, and from the names of the persons portrayed. The subscription price for part 4, which must be for the complete calendar year, is \$0.50 a year, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.
